VINIFICATION

Les Gravières is a broad climat of 29.46 ha. Its name speaks for itself, the soil is rich in gravel and limestone from the Combe de Saint-Aubin.

After directly pressing the whole grapes the juice is transferred to stainless tanks. The must is then put in oak barrels by gravity and naturally starts the alcoholic fermentation. The aging occurs on the lees for 10 months (no new oak).

TASTING NOTES

The color is golden and clear. The nose has floral and almond notes. The mouth is round and finishes on a nice buttery note.
