VINIFICATION

The Clos Genet is a climat of 8.23 ha. It comes from the family of the same name. The particularity of the Domaine Jessiaume plot lies in the fact that its vines are enclosed within a Clos separated from the rest of Clos Genet. It is therefore called Clos du Clos Genet.

After sorting in the vineyard and in the winery, the grapes are de-stemmed and then directly put in tank. Cold pre-fermentation maceration is performed for 5 days. The spontaneous fermentation then starts. The grapes will stay in tank for roughly 3 weeks during alcoholic fermentation. The wine is then put in oak barrels by gravity (25% new oak) for 12 months. No fining is performed.

TASTING NOTES

The nose is intense, with notes of ripe fruit, compote and a woody touch. The palate is powerful, balanced, long and lively.
